24 <sup>th</sup> January 2017	MSD offers homecare services for the provision of Simponi for the treatment of autoimmune long term conditions. The drug is hospital only and the injection training allows patients to be seen by company nurses in the patient's home, so it does not involve Trust staff time. The service is offered by MSD and does not influence the choice of drug to be used.	£9 per patient	MSD Ltd	Home care services treatment to patients	Injections for autoimmune patients	24-Jan-17	Medicine - Pharmacy
